REAL ESTATE TRANSACTION.

The Messrs. Offutt, railroad contractors from North Carolina, have recently purchased the Kirkpatrick farm, above Clinton, 450 hundred acres, for \$10,000. They will soon improve the place by erecting several large buildings thereon.

The Circuit Court was opened yesterday morning by Judge Hall, and sitting to the fact that the County Court was in session, the Court was adjourned until next Monday, and the jury discharged till that time.

PROVING TRUE AGAIN.

"An ill wind that blows no one good" was again demonstrated yesterday, to the benefit of the Knoxville Iron Company. The heavy frost created a demand for railroad spikes on the Virginia and Tennessee Railroad, and not being able to get them at Hieatt's, they ordered a car load from Knoxville. We hope they will file their spikes and send for more.

BAPTIST MEETING.

The General Association of East Tennessee will meet at Dandridge on Sunday the 11th of October.

Death of Capt. Alexander.

Capt. William M. Alexander died at his residence in London yesterday morning. His funeral will take place to-day at four o'clock p.m.

Westward, Ho!

Nearly every day this week wagons of emigrants have passed through this city on their way to the Western land of promise.

Five Apples.

We are indebted to Mr. J. C. Caulfield, of Powell's Station, for a lot of fine, large apples, grown on his farm, for which we return our thanks.

Perfectly True.

An exchange says: "You might as well attempt to shampoo the head of an elephant with a thimbleful of soap suds as to attempt to do business and ignore printer's ink."

ADDRESS TO THE VOTED-IN TAXES.

The man who orders a dollar advertisement in a newspaper, and wants a three dollar profit thrown in, objects to giving ten cents of profit to a customer, who has purchased a dollar worth of article.

A Good Thing.

We are informed that one of the officers of Fountain Fire Company has turned over to the tendencies of the city tax collector the names of several members of that organization, who have hitherto not been very prompt in turning out at fires.

Wholesale Trade.

The wholesale trade has had quite brisk in Knoxville this season, and the soap and hat house of R. S. Payne & Co. sell their full proportion. Nearly every day their sidewalk is crowded with boxes of goods being received and shipped. They are liberal dealers and offer as great inducements to home merchants as can be obtained North.

Sudden Death.

Mr. W. P. Hodges died very suddenly from brain fever yesterday morning, about 2 o'clock, at his residence, about four miles from Strawberry Plains. His death was very sudden, having been sick only twenty-four hours. The deceased was a grandson of Callaway Hodges, Esq., well known throughout East Tennessee.

Married.

On last evening at the residence of the bride's father, by Rev. J. J. Manker, Mr. Thos. A. Hudiburg and Miss Nannie J. Childress.

On the evening of the 29th inst., at the residence of the bride's father, in this city, by the Rev. J. L. Lloyd, Mr. William G. Champe to Miss Emma E. Adkinson.

The Money Order System.

The business of the Money Order Bureau of the Postoffice Department, during the past fiscal year, has been one-third larger than that of the preceding year. Over \$1,000,000 have been issued, transpiring \$2,451,183, for which \$23,256 was paid in fees. This is only the fifth year since the Money Order Bureau was established, and the business is growing as rapidly this year as last, four hundred new offices having been opened since July 1. Illinois is the leading State in their use, having sent three million dollars by these orders during the past year—New York being second.

Answer.

Where on this globe can we go beyond the omnipresent Yankee? Landing at Sitka, we had walked but a short distance into the town when we reached the northern depot of Dr. Ayer's medicines in full display among the huts, shanties and courts of these boreal tribes. There the familiar, homely names of his Cherry Pectoral, Pills, &c., salute us from the exterior and the interior of a store which shows more business than its neighbors, and proves that these simple but sure remedies are even more necessary to savage life than to ourselves where they visit every fire-side. —Correspondent Almond, Lapland.

An Economist.

The other day a contractor passed through this city on his way South with a gang of laborers, and hearing them speak of getting dinner at Dalton, knowing it would not be possible for them to do, gave one of them a dollar for each to pay for their dinner at the Atkin House. The fellow took the money and showed it in his pocket with the remark, "Dinner! Nothing! A loaf of bread'll do—that's just ninety-five cents, sir!" And the contractor had him for Kinsell's backwoodsman. —

A Dressing-Aisle.

Our community has, as yet, been more shocked than on yesterday morning when we reported that the thief who stole the horse of Mr. Armstrong had been shot and would probably die. We have made some effort to ascertain the facts, that we might throw some light upon the mysterious affair, but are not able to give any report that would prove satisfactory. The other day a contractor passed through this city on his way South with a gang of laborers, and hearing them speak of getting dinner at Dalton, knowing it would not be possible for them to do, gave one of them a dollar for each to pay for their dinner at the Atkin House.
